

GCCEC SUSTAINABILITY STRATEGY

Milestones so far

Implemented Phase 2 of our 5-year sustainability strategy roadmap

STRATEGY

Provided clients with sustainability resources to support their goals

RESOURCES

Passed 17 year EarthCheck certification auditing (Master certified)

EARTHCHECK

Sustainability Leadership at GCCEC

Since implementing our 5-point waste system, we have diverted over 46 tonnes of organic waste from landfill and turned it into fertiliser.

Projects and initiatives to date include:

Engaged an Environmental and Sustainability Advisor to audit, monitor and assess the actions and objectives of the strategy and to support successful project management delivery of the initiatives within the plan.

Launched internal sustainability goal tracking software

Introduced Coffee pod recycling program in staff kitchen

Upgraded our compacting system

Developed detailed environmental risk assessment

GCCEC Sustainability Team wins internal Team of the Year award

Completed LED light project in GCCEC carpark

Implemented 'No Balloons Policy' for all GCCEC internal events

Used over 4,200kL of recycled water on irrigation instead of mains water

Donated over \$20,000 to local charities through our 10c Bottle Collection Initiative

Introduced new GECA (Good Environmental Choice Australia Licence) registered cleaning chemicals

April 2026
