WIRELESS CONNECTION							
Wireless data plans can be ordered based on your desired bandwidth, depending on your technology requirements. For wireless data plans to be accessible, all connecting devices must be able to connect to a web browser.							
Speed	Type	Devices	Price	Qty	Total Amount	Date	Time
10Mbps	Unlimited Data	Max 10	\$125.00				
25Mbps	Unlimited Data	Max 10	\$250.00				
50Mbps	Unlimited Data	Max 10	\$450.00				
100Mbps	Unlimited Data	Max 10	\$750.00				

CABLED CONNECTION							
Cable data plans are available to order if your technology needs require a more stable and consistent connection (i.e. live streaming). These plans include up to two cable connections. Each cable data plan can be ordered based on your desired bandwidth, depending on your technology requirements. For cable data plans to be accessible, all connecting devices including devices connected by the cable and wirelessly must be able to connect to a web browser. After the first two cable connections, any additional connections will require a private network connection.							
Speed	Type	Devices	Price	Qty	Total Amount	Date	Time
10Mbps	Unlimited Data	Max 10	\$235.00				
25Mbps	Unlimited Data	Max 10	\$360.00				
50Mbps	Unlimited Data	Max 10	\$560.00				
100Mbps	Unlimited Data	Max 10	\$860.00				

Important Information: All internet plans are for the duration of the event. An access code will be issued during exhibitor bump-in. If you require access prior to this date and time for testing purposes, please indicate this on the form accordingly when placing the order.

TECHNOLOGY COMMUNICATION AND DATA ORDER FORM

Please complete this form and return it to exhibitorservices@gccec.com.au no later than **twenty-one (21) days** prior to your event. Requests presented after this point may incur a late fee.

PRIVATE CONNECTION

A private network is available on request and is applicable:

- if one or more of the devices connecting to the network does not have web browser capability.
- if you require more than two cable connections.
- if you require a more secure network where you can select your own log-in details.
- each network can be ordered based on your desired bandwidth, depending on your technology requirements.

ADDITIONAL DEVICE CONNECTION

-	-	-	POA				
---	---	---	-----	--	--	--	--

Important Information: All internet plans are for the duration of the event. An access code will be issued during exhibitor bump-in. If you require access prior to this date and time for testing purposes, please indicate this on the form accordingly when placing the order.

CABLE CONNECTION INFORMATION

Install Date / Time			
Dismantle Date / Time			
Custom Floor	YES	NO	

Please note: Install and dismantle times may vary due to the exhibition bump-in and bump-out times.

CABLE CONNECTION LOCATION

Please submit any supporting documentation including stand designs and floorplans with this form to ensure the accurate placement of service/s.

If a location is not provided within two (2) days prior to the exhibition bump-in date, our service/s will be placed in the most convenient location and the customer is then responsible for the placement of service/s.

On the stand plan below, indicate with an 'X' the location of where the cable connection needs to be installed.

TECHNOLOGY COMMUNICATION AND DATA ORDER FORM

Please complete this form and return it to exhibitorservices@gccec.com.au no later than **twenty-one (21) days** prior to your event. *Requests presented after this point may incur a late fee.*

TERMS AND CONDITIONS

1. All data connections are accessible with an access code provided to the contact person at the stand during exhibitor bump-in.
2. If cable connection/s are required, then a Cable Connection Upgrade must be ordered per device to run these connections to the stand. During the installation, if additional equipment, special cabling, computer hardware / software / set-up / configuration and/or special placement of communications service/s is required this may incur additional charges.
3. An Event Order Confirmation will be sent confirming your order as required.
4. Once a signed Event Order Confirmation has been received by GCCEC, a Tax Invoice will be sent to the nominated company and contact person.
5. Full payment is required seven (7) days prior to the event bump-in date or as stated on the Tax Invoice.
6. Service/s are unable to be provided until payment is received in full.
7. All service charges are current and are subject to change without notice.
8. Notification of cancellation must be received a minimum of seven (7) days prior to event bump-in date.
9. There are no refunds for service/s cancelled during or after the installation date, during the event bump-in, event commencement or for services ordered and not used.
10. Any additional service/s or equipment required is subject to availability, and if ordered will be invoiced at the end of the event and paid accordingly.
11. All claims/disputes must be brought to the attention of the Technology Services Department prior to the bump-out of the exhibition.
12. Rates listed for all connections includes supply the service/s ordered to the stand in the most suitable manner. Additional equipment, special cabling, computer hardware / software / set-up / configuration and/or special placement of communications service/s will need to be priced accordingly and may incur additional charges.
13. Only an authorised GCCEC Technician is permitted to undertake cabling or wiring in the facility (excluding stand cabling). Delivery of telephone/data transmission lines ordered from an outside vendor will only be allowed to a demarcation point specified by the Technology Services Department. Additional fees will apply to extend service/s to the stand.
14. GCCEC monitors the wireless environment and does not allow the use of routers, proxy servers, DHCP servers or wireless access points other than the installed wireless infrastructure. If any special services need to be connected to the network, they must be approved by GCCEC Technology Services Department. GCCEC Technicians will not diagnose any problems where customers/clients' routers or switches are involved.
15. GCCEC reserve the right to disable wireless transmitting devices found to be causing interference to event wireless networks.
16. All devices that are used on the network for internet access will be dynamically assigned an IP address.
17. Any equipment that is found to be causing disruptions to any part of GCCEC infrastructure will be removed and not reinstated until the problem has been rectified to the satisfaction of GCCEC Technology Services Department.
18. All materials and equipment furnished by GCCEC remain GCCEC's property and shall only be removed by a GCCEC representative.
19. It is the client's responsibility to ensure the safe return of rented equipment to GCCEC Technology Services Department. Do not leave equipment unattended at the stand. Should hired equipment not be returned to GCCEC, GCCEC reserves the right to charge the hiree reasonable replacement costs.
20. The Technology Services Department does not provide technical support for non-GCCEC computer hardware or software issues. Any such services may be charged at an hourly rate as an additional cost.
21. For clients using routers, supply of service including speed quoted to the point of connection (the cable), not on client's equipment connected.
22. Due to the dynamic nature of the Internet, GCCEC cannot guarantee any level of performance or accessibility beyond our gateway. GCCEC does, however, monitor traffic and bandwidth usage to maintain an acceptable level of performance.
23. All Internet traffic is monitored and by submitting this form you agree to take any responsibility for actions undertaken on the internet connection provided to you by GCCEC.
24. You must not use the service to access internet services, or send or receive e-mails, which:
 - a. Are defamatory, threatening, intimidating or which could be classed as harassment;
 - b. Contain obscene, profane or abusive language or material;
 - c. Contain pornographic material (that is text, pictures, films, video of a sexually explicit or arousing nature);
 - d. Contain offensive or derogatory images regarding sex, race, religion, colour, origin, age, physical or mental disability, medical condition or sexual orientation;
 - e. Contain material which infringe third party's rights (including intellectual property rights);
 - f. In our reasonable opinion may adversely affect the manner in which we carry out our work;
 - g. Are bulk and/or commercial messages;
 - h. Contain forged or misrepresented message headers, whether in whole or in part, to mask the originator of the message;
 - i. Are activities that invade another's privacy; or
 - j. Are otherwise unlawful or inappropriate.
25. You must not use the service to engage in any activity which constitutes or is capable of constituting a criminal offence, either in Australia or in any country.
26. Failure to not comply with terms and conditions may result in an immediate termination of connection without a refund.
27. Wireless Services:
 - a. Wireless access is available throughout GCCEC. This is a self-service option.
 - b. BYO wireless access points are strictly prohibited unless authorised by GCCEC.
